Subject: NDB - event start times and ec information

Mercy and Claudia:

I need to receive the following information by the end of today (tuesday, 9/21):

1. Start time of each event - we need this info ASAP so that we can make the advertising for next week's pre-promotion events. Closing dates for the publications are **THIS FRIDAY!** The start time has to be as accurate as possible. I realize that we may start an event a little bit later than scheduled in order to have a full crowd in the club but an event **CAN NEVER** start earlier than what is advertised.

2. EC contact information - we need this information so that Phoenix Marketing can match up the EC with the Phoenix Marketing Market Manager for training.

I look forward to getting this information today. Call if you have any questions.

Dominique
